

IAQ Tools for Schools

December 2-4, 2004

5th Annual National Symposium 2004

Grand Hyatt Hotel, Washington, D.C.

What?

The U.S. Environmental Protection Agency (EPA) will host its 5th Annual *Indoor Air Quality Tools for Schools* National Symposium on December 2-4, 2004, at the Grand Hyatt Hotel in Washington, DC. *Indoor Air Quality Tools for Schools (IAQ TfS)* is a nationwide initiative to help school officials assess, resolve, and prevent indoor air quality problems and reduce exposure to asthma triggers in school facilities.

Who?

Building on the success of the past four years, the Symposium will bring together school board officials, administrators, school nurses, teachers, facility managers, school and health association members, parents, and others to discuss good indoor air quality in our nation's schools.

Why?

Attendees will learn about resources and materials, including EPA's *Indoor Air Quality Tools for Schools (IAQ TfS)* Kit and Program, that will enable them to support and implement good IAQ practices in schools. Innovative sessions will address various topics associated with implementing an IAQ program in a school setting. An awards ceremony will be held to honor schools with exemplary IAQ programs.

Where?

The Grand Hyatt Hotel (<http://washington.hyatt.com/wasgh/index.html>) is conveniently located at Metro Center in downtown DC, within walking distance from many free museums and cultural attractions including the Capitol Building, Vietnam and Korean War memorials, Washington Monument, Lincoln and Jefferson memorials, Ford's Theater, and the MCI Center.
